### When does my coverage begin?

Your enrollment in all elected plans will be effective the first of the month following your date of hire or immediately if you are hired on the first day of the month. You may not have received your medical ID cards yet, but fortunately, ID cards are not needed to access care or verify eligibility. Details on verifying eligibility are below. Please allow up to 6 business days after making your elections for your information to appear in our carrier's systems.
