# Health Reimbursement Arrangement

**Now, more than ever, healthcare dollars need to go further.**

## **With the HRA they can.**

Through the Health Reimbursement Arrangement (HRA), you receive tax-free money from Radiology Partners to cover medical expenses that may not be covered by insurance such as copays and prescriptions. That means fewer out-of-pocket healthcare costs for you and more money in your pocket.

## **What is a Health Reimbursement Arrangement (HRA)?**

An HRA is a program that is fully funded by your employer and is designed to help you pay for out-of-pocket medical expenses. While HRAs come in many varieties, your HRA allows you to use the funds for your out of pocket medical care costs.

## **You can use your HRA dollars and your Prepaid Benefits Card to pay for expenses like:**

- Routine health care: office visits, X-rays, lab work
- Hospital expenses: room and board, surgery
- Medications: prescription and over-the-counter (OTC) drugs when prescribed by a physician
- Copays and coinsurance (the portions of health care bills paid by you)
- Diagnostic Products like thermometers, blood pressure monitors, cholesterol testing
- Insulin and Diabetic Testing Supplies
